

McDonough Museum of Art

A Center
for
Contemporary
Ideas, Art,
Education,
and
Community

April 28, 2017

To whom it may concern:

I highly recommend Kendra Corpier for the position of Instructor for Game Development. As Director of the McDonough Museum of Art I have had the pleasure of working with Kendra for the past 3 years. She is driven, organized and inspiring – a natural leader and teacher.

Kendra has a wonderful rapport with people of all ages. I have observed her interactions with gamers at the Game Developers Meetings and at the Game Jams hosted by the McDonough. Her ability to connect with students communicating both simple and complex concepts is truly superior. She also has excellent written and verbal communication skills.

Kendra accomplishes any task with great initiative and a positive attitude. I recommend Kendra to you without reservation. If you have any further questions please do not hesitate to contact me.

Sincerely,

Leslie A Brothers
Director
McDonough Museum of Art, YSU
